To Whom It May Concern:

When we were looking to upgrade our security system, we wanted a company that was reliable, gave good service, competitive price and able to understand our business needs. Scott Green and the Sonitrol team were able to meet our needs and continue to be available for us as other issues arise.

I would recommend Scott & the Sonitrol team to any small business they seem to be truly interested in our needs and not just out to sell us something.

Thanks Scott for your continued service,

Lew Whalen  
General manager/CEO
